Fives Lund Receives Supplier of the Year Award from Boeing

**Fives Lund
one of 13
companies
honored**

Fives Lund has been recognized as Supplier of the Year in the Technology category by The Boeing Company. Fives Lund was one of 13 companies honored May 8, 2019 for distinguished performance in working with Boeing.

This year's recipients represent an elite group among more than 12,000 active Boeing suppliers around the world. This selection was based on stringent performance criteria for quality performance, delivery performance, cost, environmental initiatives, customer service and technical expertise.

Metal Cutting | Composites

Press release

About Fives in Metal Cutting | Composites

The Metal Cutting | Composites offer is specialized in the supply of machine tools and complete manufacturing solutions.

With a strong foundation based upon renowned legacy names such as Cincinnati, Giddings & Lewis, Forest-Liné, Liné Machines and Rouchaud, Fives is recognized as the preeminent provider of outstanding manufacturing solutions which are at the heart of its customers' performance.

Fives Metal Cutting | Composites dedicated teams - approximately 1200 people in over 15 countries - serve key industrial markets including aerospace, automotive and truck, heavy equipment, oil and gas, rail, wind, energy and general machining. With manufacturing and support operations strategically located worldwide, Fives and its Metal Cutting | Composites activity offer comprehensive lines of equipment and technologies including turning, milling, composites processing and software, additive manufacturing, laser welding and cutting with the associated support services (maintenance, spare parts, retrofit, overhauling and upgrading).

About Fives

Fives is an industrial engineering Group with a heritage of over 200 years of engineering excellence and expertise. Fives designs and supplies machines, process equipment and production lines for the world's largest industrial groups in various sectors such as aluminum, steel, glass, automotive, logistics, aerospace, cement and energy, in both developing and developed countries.

In all these sectors, Fives designs and manufactures equipment and innovative solutions, which better anticipate and meet the needs of its customers in terms of performance, quality, safety and respect for the environment.

In 2018, Fives achieved a turnover of 1.951 billion Euros and employed close to 8,700 people in about thirty countries.
